

AED Trade-In Program

Trade In and Trade Up with the ZOLL AED Plus:

Do you already have AEDs? Most likely, it will soon be time to purchase new devices. Many AEDs on the market today are no longer supported or have passed their service date. Wouldn't it be great if you could receive a rebate check in the mail for every AED that you are replacing? With ZOLL's AED trade-in program, you can! Your old AEDs have value – Take advantage of it. Trade in your old AEDs for the ZOLL AED Plus and get CASH back for your old units along with a NEW 7-year warranty!

How the AED Trade-In Program Works:

Your current AED(s) may be eligible for trade-in as long as they are currently supported, can pass a self-check test, and not under any recalls. Each AED brand has a different trade-in value (see rebate coupon attached). **Please note that this offer expires December 31, 2017.**

1. Purchase new ZOLL AED unit (each AED has a specific serial number needed for trade-in)
2. You will receive your new ZOLL AED unit (serial number found on bottom of AED)
3. Fill out Trade-In Coupon (see attached)
4. Send old AED along with the Trade-In Coupon to the specified address
5. You will then receive a rebate amount for each AED sent in

Trade In and Trade Up with the ZOLL AED Plus®

When it's time to purchase new automated external defibrillators (AEDs), wouldn't it be great if you could receive a rebate check in the mail for every AED you're replacing? With ZOLL's AED trade-in program, you can!

Purchase the ZOLL AED Plus to qualify for the limited-time program. For details, contact your ZOLL representative.

Trade in the following competitive units and get cash!
